

Technical Data Sheet

FUTURA

K Fast

BIO

SIMPLE MINERAL FERTILIZERS

UFI:

Potassium thiosulfate solution with activator

Composition	Declared values
Potassium oxide (K ₂ O) soluble in water	24,0%
Sulfuric anhydride (SO ₃) soluble in water	40,0%
Sulfuric anhydride (SO ₃) from thiosulfate soluble in water	37,0%

Granulometry:

pH: 8,5 +/- 0,5

Density: 1,45 +/- 0,05

Aspect: Liquid

Color: Black

ACTIVATOR: 1% humic extracts from peat. Water-extracting medium

Compliant with:

Legislative Decree 29 April 2010, n.75, reorganization and review of the discipline in the matter of fertilizers, in accordance with Article 13 of the Law July 7, 2009, n.88 (and subsequent amendments and additions).

Mineral fertilizers

Potassium Tiosulfate

Organic fertilizers

Humic extract
